

# EUGENIE UWIMANA

## JUNIOR WEB DEVELOPER

### PROFIL

I am a junior web developer, flexible with great communication skills. Always enthusiastic to learn and undertake new challenges, after working 8 years in retail, I decided it was time for something new and refreshing. Thanks to my course at BeCode, I have learned how to develop static and dynamic web pages using HTML, CSS, JS and PHP. I also have a basic working knowledge of: Git, Bootstrap, MySQL database, NodeJS, Express and MongoDB.
